# The #1-Rated Streaming Background Music for Business

Music That Matches Your Brand

DELIGHT YOUR CUSTOMERS, ENERGIZE YOUR EMPLOYEES

Pandora CloudCover is the #1-rated source for business music and messaging for retailers, used at tens of thousands of locations to set a brand vibe, increase dwell time, and improve employee productivity. Our service installs in minutes and scales seamlessly from one location to thousands without missing a beat. Millions of professionally curated, family-friendly song combinations are available, all at the most affordable monthly pricing. No long-term contracts are ever required.

MULTIPLE CUSTOMIZATION & MANAGEMENT OPTIONS:

Our service is simple to control and monitor using the Tune application from a laptop, phone, or tablet. A simple Internet connection is all it takes to stream family-friendly, clean music. A centralized dashboard gives you a real-time view of what music and messages are playing across every location.

CHOOSE FROM THREE EASY WAYS TO PERSONALIZE MUSIC FOR YOUR BUSINESS:

- Create your unique station with the AI-personalized music curator by choosing artists, songs, or albums that reflects your brand.
- Mix and match 220+ professionally curated stations.
- Get a custom soundtrack designed by our team of professional musicologists that perfectly represents your brand.

FEATURES

Affordable
A fraction of the cost of other music service providers

CLOUDCOVER CLOUDBOX

Connect a CloudBox into an ethernet connection or WiFi and start playing music or messages.

- Tamper-resistant: limits access to password protected administrators
- Remotely controlled (including volume) from the Web or mobile devices
- Stores music locally that automatically plays if the network connection is interrupted
- Auto-restart if a power outage occurs
- Simple plug-and-play setup
- WiFi Connectivity (2.4 and 5 GHz) requires minimal configuration
